

DRINKING WATER PROBLEM CORRECTED

On 9/14/21, Customers of Bridgewater were notified of a problem with our drinking water. You were only advised of the issue, no action is/was necessary by consumers. The problem was with a raw water sample **before** treatment/disinfection. All waters are disinfected before reaching the public. It is standard practice to notify the public of such an incident. We are pleased to report that the problem has been corrected at the Well and that it is no longer necessary to post an advisory. We apologize for any inconvenience and thank you for your patience.

As always, you may contact the Water Supply Office at 508-697-0910 or by emailing waterdepartment@bridgewaterma.org with any comments or questions.

This notice is being sent to you by the Bridgewater Water Department, PWS ID#:4042000 Date distributed: 9/23/2021
